

## TO WHOM IT MAY CONCERN

It is my pleasure to write his recommendation letter for one of my students **Mr. Prakash Shivakoti**. He joined this North Eastern Regional Institute of Science and Technology (NERIST) as a lateral entry in diploma module with 10+2(PCM) in the stream of Electronics and Electrical communication **Engineering in the year 1999 and subsequently passed B. Tech in Electronics and Communication Engineering** in the year 2004 under North East Hill University attaining CGPA- 3.33/5.00 and 3.09/5.00 respectively. I was associated with his education during his technical studies in our institute. As Head of Department of Electronics and Communication Engineering it has always been a tuff job for me to write the personal recommendation letters for each student, unlike other teacher. I am indeed really relieved to consider him as one of the best academic performers in our institute.

We honour his willingness towards better academic future during his course in our institute. During his association with me, I found him a student with a very strong determination towards his academic goals and persons with leadership disposition. He is always ready to shoulder responsibilities, however complex they are, to accomplish duty in time. Beyond expectation he proved himself as a team player who always follow time motto "together each achieve more".

As we all know better could be turned into best with more hard work and determination, I am sure **Mr. Prakash Shivakoti** can prove this with his potentiality to turn himself as a achiever in life.

I wish him all the best for up-coming future plans.

(Dr. Anwar Hussian)  
Head of Department  
Assistant Professor  
Dept. Electronics & Communication Engg.  
(NERIST) Itanagar
